17) Mr Raja Rao Patankar, High Ground, brought to the notice of the Dewan on 8th November 1941 that there is no soakage pit or a septic tank provided in the premises of Sastry's Hotel though the building is equipped with Sanitary fittings, with the result that all the drainage has been running on the surface

—

18) When the Municipal Commissioner was asked what action was being taken to prevent the insanitary condition he wrote to say that an estimate for Rs 4,230 received from the Special Officer City Drainage Divisic was before the Managing Committee of the Municipality fc laying underground drainage along the premises of Sastry Hotel

19) A special enquiry was again made of the Municipal Commissioner why the proprietor of the Hotel should not be called upon to provide a sokage pit or septic tank t absorb the drainage especially when he had put up sanitary installation in the premises The Municipal Commissioner reports that the Health Officer considers the waste water of the Hotel running up to 1,500 gallon a day to be too much for absorption especially in the rocky locality

20) An underground drainage is the only alteration lei in the circumstances

21) It is also since ascertained that the unicipalit have adopted an estimate for laying a loop line from tl
